AUSTAVic is proud to present an opportunity for Gippsland String Players to come together, share and make music in the excellent surrounds of the Gippsland Grammar St. Anne's Campus. We hope that this event will become a regular and much anticipated annual day of music making and see the start of AUSTAVic forging stronger links in the regions. The organisers will form two string orchestras based on ability levels (app. Grades 1-3 & Grades 4+) and aim to rehearse and present some music at a concluding afternoon concert.
