Andrew Metaxas is a violist, luthier and teacher from Melbourne. He has been a member of WAYO, AYO, WASO and has worked with the TSO and MSO. The talk presented today has already been presented at the Gosford NSW Viola Conference earlier this year, and there will be a chance for questions at the end. There is an enormous range of viola ensemble literature! Violists of all levels are encouraged to attend, and there will be ensembles for all ability levels available. There will be several Perth premieres, one by a new Perth composer.
