*Workshop for Teachers and Advanced Students (AMEB 7+)*

This Forum is a presentation and open discussion on the role of the left hand. Feel free to share your questions and experiences as we explore the role of the fingers, how to gain independent fingers, the importance of balance, the function of the thumb, when to find the next note, position changes, vibrato and how the fingers interact with the bow. Bring your instrument as we explore techniques together! Visiting from Adelaide, Agnes Weinstein (president of AUSTA South Australia) performs and teaches the violin and viola and currently specialises in Baroque music.
