

Looking to make an exciting career move?

A vacancy now exists for the position of President-Elect, AUSTA National. The current policy of electing a member to this position for the second half of the current President's term, allows for a smooth transition. With the outgoing President assisting during the first year, and the incoming President during the latter part of the term, there is always a team of two sharing the responsibility – a most useful situation, especially in view of the honorary status of the position. All members are asked to encourage potential applicants from within the membership to suggest candidates to the National Office, or to encourage string players outside the membership to join and apply.

Members interested in applying should complete the application below and return to the National Office by Monday 14th November 2021. Return by email to admin@austa.asn.au
